

Roseau River One Watershed, One Plan Advisory Committee Meeting Summary

March 2022

The **Advisory Committee** met for the very first time in March 2022. The Advisory Committee is made up of local government staff, state agency staff, Citizen Advisory Committee members, and the Seine Rat Roseau WD staff (representing the Roseau River watershed area within Canada). The Advisory Committee's role is **to make recommendations** regarding plan development contents. (Final approval is done by the Policy Committee.)

Draft Resource Concerns and Issues

- ✓ In 2021, watershed residents, as well as local and state governments, provided input on priority resources and watershed issues that should be addressed in the new planning process.
- ✓ Based on all responses, a **draft Issues Table** was developed.
- ✓ The Advisory Committee reviewed the Table and provided a few additional issues that were missing.

The Advisory Committee also started developing a **Watershed Vision Statement**.
